Summary of Experience

Lindsey has approximately 15 years of experience working with a variety of pension and Other Post-employment Benefit (OPEB) programs. As a Senior Actuarial Analyst for Clarity in Numbers, LLC, Lindsey consults with employers and auditors on projects that include funding, financial accounting under Financial Accounting Standards Board No. 87, No. 88, No. 132, No. 158 (FASB 87, FASB 88, FASB 132, FASB 158), financial accounting under Government Accounting Standards Board No. 45 and No. 43 and accounting of qualified and nonqualified plans.

She has diverse experience providing actuarial services in many different industries with companies ranging from not-for-profit, tax-exempt and government entities to Fortune 500 publicly traded companies. Lindsey's experience extends to the actuarial valuations of retirement plans and OPEB plans including the calculation of minimum and maximum funding requirements, experience studies, benefit calculations, benefit statements, FASB 87, FASB 88, FASB 132, FASB 158, GASB 45, GASB 43 and Actuarial Attestations for the federal subsidy related to the Medicare Part D prescription drug plan as described in the Medicare Modernization Act (MMA).

Prior to working at Clarity in Numbers, LLC, Lindsey was a Senior Actuarial Analyst with RSM McGladrey. Prior to her experience at RSM McGladrey, Lindsey was an Actuarial Analyst - Experienced with Hewitt Associates and a Senior Actuarial Associate with Buck Consultants.
